EDUCATION

Secondary Education — 2013 - 2017
SMK DUSUN NANDING
This is my secondary school. I was really lacking the discipline needed and wasted a lot of time doing nothing at that time.
SPM - 1 A+ 2 A 3 A- 3 B+ 1 B

Form 6 — 2018 - 2019
SMJK YU HUA KAJANG
This is the institution where I finish my one and half year of Form 6 study in Physics Science Stream class. STPM was hell but the experience really gave me a reality check on my ability.
CGPA - 3.17

Bachelor Degree With Honour in Computer Science (Software Engineering) — 2020-20XX
UNIVERSITY MALAYSIA SARAWAK
The university I am currently pursuing my bachelor degree. Coming to this university that is far from where I lived (Selangor) gave me a great chance to step out of my comfort zone and hopefully grow as a better person.
Current CGPA - 3.98
